

Official Notice

The Sauk River Watershed District is seeking professional services related to calculating runoff coefficients, storm water fees, and conducting subwatershed modeling and analysis using HSPF (Hydrologic Simulation Program in Fortran) watershed wide model. This Request for Professional services is described in detail in proposals 13-02 and 13-01 documents which can be found on the District's website www.srwdmn.org.

If you are interested in submitting an application you must do so by 3:00 p.m. on May 17, 2013. Please make the information to the attention of the person listed below.

Sauk River Watershed District

Attn: Holly Kovarik, Administrator

Runoff Rates and Fees for Water Management Districts
