

# Eden (Stearns County)

## OVERVIEW

Eden Lake is located in south-central Stearns County, north of Eden Valley. It is the second in a series of lakes that outlet north to join the Sauk River Chain of Lakes. A large, mostly agricultural watershed (over 24,000 acres) drains into Eden Lake. The resulting nutrient load has resulted in impaired water quality, nuisance algal blooms, and occasional winterkills. Submersed plants grew as deep as ten feet, but the plant community was not very diverse. Coontail and sago pondweed were most common, although curly-leaf pondweed was also very abundant in early June.

**ID:** 7301500

**County:** Stearns

**Near:** Eden Valley

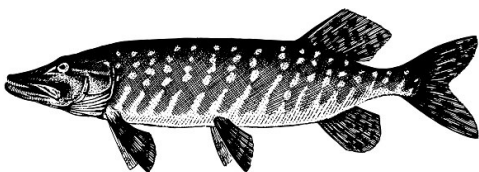

**Area:** 278.23 acres

**Littoral area:** 124 acres

**Shore length:** 2.52 miles

**Mean depth:** 18.6 feet

**Maximum depth:** 77 feet
